Beal High School re-opening from 8th September 2020 for Year 7 going into Year 8 students

Dear Parent/Carer,

We look forward to welcoming all of our students back for the new academic year in September after what has been a strange end to the current year. We have evaluated government guidance to date and planned how we will re-open safely for all staff and students. A risk assessment to support school re-opening will be sent with our finalised plans in August.

At the current time we have had to assume there may be some form of social distancing in September and possibly beyond. To this end we have prepared a 'blended learning' timetable that reflects existing government guidance, as well as our substantive timetable for 2020-21. This gives us immediate flexibility to re-open in a way that is safe for all students and staff as well as ensuring quality of education and progress for all.

On this basis school will begin with an induction week in September with the following schedule to enable a safe, phased return to school that takes into account the wider local community and travel on public transport at peak times for students and staff alike.

Induction week for all students from Tuesday 8th September to Friday 11th September. Please see table below

Beal High School Induction Week w/c 7 September 2020					
Sessions	7 Sept	8 Sept	9 Sept	10 Sept	11 Sept
	Monday	Tuesday	Wednesday	Thursday	Friday
09.30 – 11.55	STAFF INSET	Year 7	Year 9	Year 11	Year 13
11.55 - 12.15	CLEANING				
12.15 – 14.40	STAFF INSET	Year 8	Year 10	Year 12	STAFF INSET

So year 7 going in to year 8 have their induction on Tuesday 8th September at 12.15pm and should head straight to the Lower site hall. During induction week all students will be set and sent work to ensure a smooth transition to the new term.

We have been impressed with the mature way students have engaged with the blended learning provided by their Year 7 teachers. Judging from the quality of the work submitted, we know they will be ready for the rigours of Year 8 curriculum. We have also been impressed with their engagement with extra-curricular challenges during the holidays and are looking forward to welcoming some of you to our summer school in August (6th and 7th August) which we will write to you about in a separate letter.

Beal High School re-opening from 8th September 2020 for Year 11

Dear Parent/Carer,

We have been impressed with the mature way year 11 students have responded to the situation regarding their GCSE exams as well as their completion of the virtual Interview advice and guidance process, thereby ensuring students have embarked on the most appropriate programme of study for September. Most year 11 students will be intending to continue their studies at Beal Sixth form and we look forward to welcoming these students back for the new academic year in September after what has been a strange end to the current year. Others will be moving on to other schools and colleges for the next stage of their progression and we wish them every success in the future.

At Beal we have evaluated government guidance to date and planned how we will re-open safely for all staff and students. A risk assessment to support school re-opening will be sent with our finalised plans in August. At the current time we have had to assume there may be some form of social distancing in September and possibly beyond. Beal High School re-opening from 8th September 2020 for our new Year 7 students

Dear Parent/Carer,

We look forward to welcoming all of our students back for the new academic year in September after what has been a strange end to the current year. We have evaluated government guidance to date and planned how we will re-open safely for all staff and students. A risk assessment to support school re-opening will be sent with our finalised plans in August.

At the current time we have had to assume there may be some form of social distancing in September and possibly beyond. To this end we have prepared a 'blended learning' timetable that reflects existing government guidance, as well as our substantive timetable for 2020-21. This gives us immediate flexibility to re-open in a way that is safe for all students and staff as well as ensuring quality of education and progress for all.

On this basis school will begin with an induction week in September with the following schedule to enable a safe, phased return to school that takes into account the wider local community and travel on public transport at peak times for students and staff alike.

Induction week for all students from Tuesday 8th September to Friday 11th September.

Induction day for all new Year 7 students is Tuesday September from 9.30am – 11.55am, who should arrive on the Lower site. Please see table below:

If you require support with childcare during induction week, please email admin@bealhighschool.co.uk

We are very excited about welcoming you to Beal High School in September and hope you have keeping an eye on our Year 6 transition page on our website which will put you in good stead to make a positive transition to

Beal High School re-opening from 8th September 2020 for BCS students

Dear Parent/Carer,

We look forward to welcoming all of our students back for the new academic year in September after what has been a strange end to the current year. We have evaluated government guidance to date and planned how we will re-open safely for all staff and students. A risk assessment to support school re-opening will be sent with our finalised plans in August. We will also ensure risk assessments are completed for each child to ensure their safe return to school in September.

At the current time we have had to assume there may be some form of social distancing in September and possibly beyond. To this end BCS will open as a BCS 'Bubble' with students being grouped in their BCS class bases, thereby reducing your child's contact and mixing with the mainstream school, without unduly limiting the quality and breadth of teaching, or access for support and specialist staff. This gives us immediate flexibility to re-open in a way that is safe for all students and staff as well as ensuring quality of education and progress for all.

On this basis school will begin with an induction week in September with the following schedule for BCS students to enable a safe, phased return to school that takes into account the wider local community and travel on public transport at peak times for students and staff alike.

Induction week for all BCS students from Tuesday 8th September to Friday 11th September. Please see table below

11.55 - 12.15	CLEANING				
12.15 – 14.40	STAFF INSET	BCS Students in BCS Class bases			STAFF INSET

BCS Students:

We have been impressed with the mature way students have continued to engage with their blended learning provided by their class base teachers and would like to thank parents for supporting them with this. During induction week all students will work in their BCS class base with their teacher and follow the BCS curriculum of work to ensure a smooth transition to the new term. Students will have their lunch from their class base rather
