# Success!

Well done to Fyzah Khan and her brother, Zaid, how both won awards in a STEM project.

Fyzah designed an 'All function chair' which was inspired by her Grandfather who has limited mobility. Well done indeed!

The background features abstract, overlapping geometric shapes in various shades of green, ranging from light lime to dark forest green. These shapes are primarily located on the right side of the image, creating a modern, layered effect. The rest of the background is a solid, very light green.

Have a wonderful week.  
Work hard and be kind!
